

EXPLORE YOUR ELEMENT

More than a culturally diverse training program, EYE is an equity-centred framework connecting the multiple elements of individual and organisational cultural intelligence.

The EYE program draws on a broad range of cultural influences to explore both our innate natural biases and our personal gifts and talents, and how we can best acknowledge and use these to serve others as well as ourselves.

EYE recognises the need for a personal inward focus followed by a cross-cultural view of how we can work together most effectively.

Sebastian Flynn

The designer of the Culture Compass reorientation program, following over twenty years' experience as a Multicultural Festival Director in Brisbane, Queensland and in Canberra, ACT, as well as successfully presenting in Europe and the UK.

Liliana Maria

From an anthropology discipline and is a highly experienced presenter and facilitator, especially in her chosen area of Cultural Education, Storytelling and Cultural Conversations.
